Independent Study is now available for students who will be absent from school for 1 or more days. An independent study agreement must be signed prior to the beginning of a student’s absence. The major objective of independent study is to enable the student to keep current with classroom studies during their absence. This program will also help the school by allowing us to receive funding for this period. To find out more about the Independent Study Program contact your student’s teacher or Mrs. Dahlgren.
