

Hello Wonderful Parents,

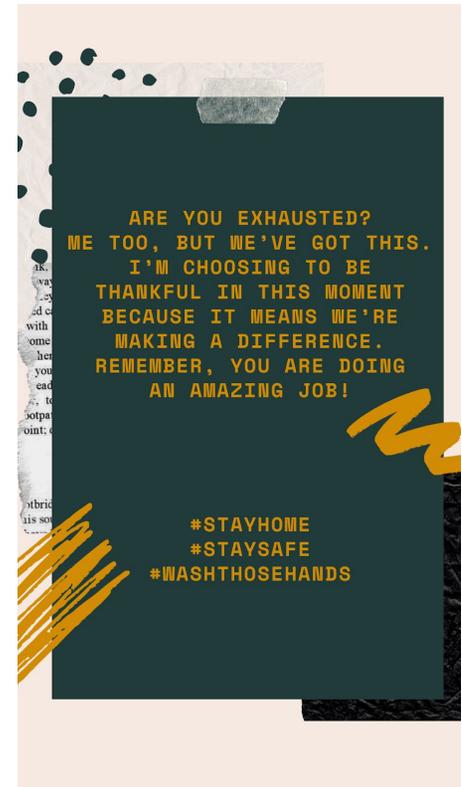

First of all, thank you for your patience during this strange and unusual time. Our staff has been working around the clock, trying to figure out how to best move forward, while also adjusting to this new (temporary) way of life. I'd like to keep things as simple as possible while also making sure that the basic needs of my students are met. I've developed a weekly plan to keep things on track. The assignments are meant to be flexible with your at-home schedule. That being said, the workload will be significantly different than what we would do on a regular basis. If you would like to spend more time on specific sites than recommended, then feel free. There are also a TON of resources floating around the web, virtual museum tours look fun!

Most of the assignments will be found on Google Classroom, which will be updated daily. Before break, I sent home passwords, novel study packets, and math workbooks. If your child was absent, I'll be leaving theirs in the cafeteria for pick up. If anyone is in need of a paper packet (it will look different than our online material), I'll be leaving a few copies in the cafeteria as well. Don't forget to build in wiggle time! GoNoodle is a GREAT resource for rainy days like today, but good old fashion backyard play is fine too. You can also play games, do puzzles, draw, etc. All of those activities still count as learning!

This week, I will be posting one of each type of assignment. Let's ease into this so that it's not overwhelming for you, your kiddos and myself. Next week will hopefully look more like the schedule posted below, but again please be patient with me as I figure this all out. I'm sure that we will run into snags, and as we do, we can work together to adjust.

Feel free to email or message me on Remind if you have any questions. I'll be doing my best to get back to you in a timely manner. Also remember that we are all in this together. Let's just take it one day at a time. What's really truly important right now is that you all stay safe and healthy. Remember to take big deep breaths and to wash those hands!

Missing you a ton,
Mrs. Hughes

Distance Learning Schedule:

	Monday	Tuesday	Wednesday	Thursday	Friday
*Youtube Video posted to Google Classroom *Student Novel Study Workbooks	ELA: -Read a chapter from Charlotte's Web -Spend 15 minutes in Espark, MobyMax Math or Nessy	ELA: -Responds to Charlotte's Web -Spend 15 minutes in Espark, MobyMax Math or Nessy	ELA: -Read a chapter from Charlotte's Web -Spend 15 minutes in Espark, MobyMax Math or Nessy	ELA: -Respond to Charlotte's Web -Spend 15 minutes in Espark, MobyMax Math or Nessy	ELA: -Novel Study Extension -Spend 15 minutes in Espark, MobyMax Math or Nessy
*Youtube Video posted to Google Classroom *Google Classroom Assignment *Student Math Workbooks	Math: -Edpuzzle Assignment on Google Classroom -30 minutes in Prodigy, espark, or MobyMax Math	Math: -Youtube instruction. (Recorded and posted on Google Classroom) -Students work on corresponding workbook pages.
